**PERSONAL AND CONFIDENTIAL**

To My Dear Patients,

After nearly forty years of providing osteopathic care, I am writing to let you know that I will be retiring from active practice effective October 31, 2025. This decision was not made lightly, as I had expected to work until I dropped. Because of my existing and new health issues, it is time for me to close shop and spend time with family and my writing. Please know that it has been a true privilege and honor to care for you, and be a partner in your health journey. Being your doctor, sharing our time together, getting to know one another has brought me the greatest joy and fulfillment. I cannot anticipate the coming grand ambivalence - the contemporaneous sense of loss of no longer treating, and the satisfaction that I have tried my best to alleviate suffering. To ensure a smooth transition, I have provided below the contacts for the referral services of the American Academy of Osteopathy (AAO), and the American Osteopathic Association (AOA). Your records will remain available for us to send to the physician you designate. As they are protected under privacy laws (HIPAA), it is required that you submit a HIPAA compliant authorization letter to make them available. Going forward, for such things as prescriptions, lab tests and imaging studies, please do not use my name as your physician, because as a retired doc, I cannot order, nor evaluate them (I won't even receive those reports).

I will carry with me many meaningful memories of my time with you. Thank you again for your trust, support, and friendship throughout the years.

With sincerest appreciation,

X   
Brian J. Waldron, D.O.
